

Wilson County
Alcoholic Beverage Control
Board
wilson.ncabcboards.com

Dear Brentwood ABC Customers,

The Brentwood ABC Store will close its doors in early November. We never like to close a store. However, after looking at the footprint of our stores across Wilson, we determined that we have adequate locations to serve our customers. This includes the newer store at Eagle Farm Crossing which is less than 5 minutes from Brentwood. The Eagle Farm Store offers a much greater selection as well as longer hours.

As one store closes, another will re-open. Opening in early November, a new ABC Store will replace the aging facility that was located on Hwy 301. That facility was demolished to make way for a new, more modern store. We are always looking for more efficient and better ways to serve our customers. Wilson County residents will be proud of the new store as it will continue the quality standard of all of the newer stores that have been built.

The Wilson County ABC Board will continue to proudly serve our citizens. We are proud to be a part of Wilson County and we appreciate our customers!

Sincerely,
Wilson County ABC Board
